NIFT VISION

To emerge as a centre of excellence and innovation, proactively catalysing growth of fashion business through leadership in professional education with concern for social and human values.
MESSAGE FROM CHAIRPERSON

National Institute of Fashion Technology was set up in the year 1986 under the aegis of Ministry of Textiles, Government of India. Over the years, NIFT has emerged as a Centre of Excellence & Innovation. This has been possible through adoption of interactive and evolving instruction systems, aimed at cultivating aesthetic virtuosity together with freedom of inquiry and independence of thought.

At NIFT, multidisciplinary studies not only prepare the students to solve real challenges in their core areas but also equips them with the ability to identify their potential in related areas and rapidly growing new directions. The alumni of NIFT are recognized as adept professionals in a multitude of creative fields, their success stories being a source of pride for the Institution.

Relevant industry exposure throughout the course study provides a cutting-edge to the learning experiences of the students. The body of learning encompasses knowledge, skill and practical application - in addition to development of sensitivity to cultural and social contexts, so vital in today's global scenario.

I welcome you to join the NIFT community and be part of this exciting journey.

Kiran Dhingra, IAS (Retd)
A byword for excellence in fashion education and research, National Institute of Fashion Technology (NIFT) is the natural destination for students seeking to pursue a career in fashion in all its varied hues & manifest forms including design, technology, communications and management.

The key differentiators for NIFT are –

- A vibrant, stimulating learning environment amidst the fashion leaders of tomorrow;
- An experienced faculty with time tested pedagogy;
- A rigorous curriculum benchmarked to international standards;
- 15 professionally managed campuses located in cities that radiate our rich & plural cultural traditions;
- Regular engagement with industry to keep abreast with market trends;
- Networking with alumni, many of whom are icons in their own right, for building professional relationships and unlocking opportunities.

Destiny beckons you to the portals of NIFT for a tryst of your creative instincts with professional skills. Step in for an enduring and rewarding journey of learning and leadership in fashion.

Sudhir Tripathi, IAS

Director General-NIFT
National Institute of Fashion Technology (NIFT), set up in 1986 under the aegis of Ministry of Textiles, Government of India, is a Statutory Institute Governed by the NIFT Act 2006. Bringing in a wide range of aesthetic & intellectual orientations, the early instructors included leading progressive scholars from Fashion Institute of Technology, New York, USA. The in-house faculty was drawn in from a distinguished group of intellectuals who put forth a sense of dynamism creating a pathway to effective learning. Pupul Jaykar Hall at NIFT headquarters in New Delhi is a reminiscence of many educational thinkers and visionaries who have been instrumental to the institute’s road map to success. Academic inclusiveness has been a catalyst in the expansion plans of the institute. Over this period, NIFT has spread its wings across the length and breadth of the country. Through its 15 professionally managed campuses, National Institute of Fashion Technology provides a framework to ensure that prospective students from different parts of the country achieve their highest potential through the programmes offered. Since the early years of its inception, the institute has provided a firm foundation in fashion education in the domains of Design, Management and Technology. Since then, NIFT has scaled high academic standards. The faculty of the institute has grown into a community of leading practitioners, education enthusiasts, entrepreneurs, creative thinkers, researchers & analysts.

Through its journey, NIFT has strengthened its academic strategy. Invigorating thought leadership, research stimulus, industry focus, creative enterprise and peer learning have reinforced the institute’s academic bedrock. Fostering a new generation of creative thinkers, the institute is empowered to award Degrees in undergraduate, post graduate and doctoral studies. Articulating the ideology of world-class learning practices, the institute has entered into strategic alliances with leading international institutes.

NIFT is committed to academic excellence in fashion education. The vision of the institute embraces challenges and provides the impetus in setting highest academic standards. NIFT continues to strive to be nothing but the best.
NIFT Act 2006 published in the Gazette of India on 14th July, 2006 confers Statutory Status on the institute. The Act came into effect from 1st April, 2007. The President of India is the ‘Visitor’ of the institute under the Act. The Act empowers the institute to award Degrees and other distinctions. NIFT is the first premier institute in India to award its own Degrees in the field of fashion education.

The Degrees awarded by the institute are recognised by the academia worldwide. The institute confers Degrees to the graduates in the Convocation Ceremony marking the occasion when the students leave the realms of the institute to take up key leadership positions in the industry.

NIFT ACCREDITATION

BOARD OF GOVERNORS

In accordance with NIFT Act 2006, the Institute consists of the Board of Governors comprising key officials and experts from different areas of expertise. Members of Parliament, representatives from the Ministry or departments in the Government of India, eminent industry experts and educationists broadly comprise the Board of NIFT. NIFT Board is responsible for the general superintendence of the institute and for steering the institute & providing direction in related matters.
The academic strategy of the Institute places the students as one of its prime assets. The Institute capacitates an annual enrolment of about 3000 students across fifteen campuses of study. The institute is committed to providing a stimulating environment to encourage learning from the first year of study.

NEW DIMENSIONS

Education can be used to investigate new dimensions, which are aimed at pedagogical affordances of altered ways of thinking. Educationists have devised a range of methods and strategies for fashion education. Identifying principles of good learning, NIFT has constructed its philosophy of progressive thinking. Over the years, the institute has emerged as a hub of innovation in the realm of design, management & technology. NIFT prepares students to provide solutions for challenges within the fashion domain.

INTEGRATED LEARNING

NIFT lays emphasis on inquiry-based teaching and learning. The academic core is designed, to facilitate multidisciplinary study that assimilates aesthetic and industrial dynamics across levels and disciplines. It is this integrated learning at NIFT that provides a unique platform to its students transforming them into professionals and preparing them for a wide variety of careers. Cutting across specialisms, the students are encouraged to work with a cohesive approach to learning.

INDUSTRIAL DYNAMICS

The emphasis is on professional development of students. The pedagogy promotes interactivity and is critical to students’ understanding, development and maturity. Students undertake classroom and workshop assignments, conduct field studies, participate in group discussions and critique sessions. Hands-on experience on live industry projects allows the students to brace themselves for the industry and other entrepreneurial possibilities. The course curriculum accommodates student interaction with the industry through internships, bringing in requisite insight and appreciation of industry diktats.
GRASSROOT CONNECT

NIFT has emerged as a Centre of excellence & innovation with a distinct conscious concern for social responsibility. Connecting with the grassroots, the institute has built the ‘Craft Cluster Initiative’ into its curricula that enables the students to work in collaboration with the artisans and weavers from different pockets of India. On one end, the ‘Craft Cluster Initiative’ engages artisans & weavers to broaden their knowledgebase and channelize their efforts into more market friendly and profitable ventures. On the other, it promotes a culture of understanding and appreciation of the arts & crafts of India amongst students with a view to provide sustainable solutions to the craft sector.

CRITICAL APPRAISAL

Critical appraisal at every step encourages self improvement. The evaluation system closely monitors the students’ evolution through the course study. The evaluation pattern focuses on the gamut of learning practices and corresponding evaluation tools like task-based assignments, research papers and written examinations throughout the academic calendar. Interactive juries and viva-voice provide qualitative evaluation in the overall growth of the students. The critical appraisal also assesses the students’ ability to collate and correlate learning from various inputs as a demonstrated outcome through presentations and displays.

TEAM BUILDING

With a view to encourage team building, trust & motivation among students, the institute conducts an outbound workshop for students as a part of the academic plan in a few programmes. The workshop aims to put the ‘bigger picture’ in front of the students and helps them to introspect and discover oneself from a fresh perspective. ‘Behavioural training’ complements the classroom inputs to maximize learning. The workshop integrates aspects like teamwork, planning & co-ordination, personal & social communication, lateral thinking, self exploration and self realization. The facilitators use campsites and other tools like adventure activities, camp games, natural settings, local people & their habitat to provide qualitative learning experiences.
GLOBAL CONNECT

The academic strategy of NIFT embraces a global approach. The core activities of the institute have enhanced its international visibility and standing. NIFT has strategic agreements and partnerships with about 34 leading international fashion institutes & organisations that share the same academic direction, integrating NIFT students with the global mainstream of fashion.

International collaborations allow students to experience ‘study abroad’ options through exchange programmes. This initiative provides an excellent opportunity to NIFT students, selected for the exchange programme, to interact with students from various geographies, encouraging them to broaden their vision and understand different cultures. The students can undertake the opportunity across NIFT campuses and all course disciplines. To provide an academic gradient, the institute’s international linkages allow the students to participate in international competitions / seminars / research / exhibitions and other events.

NIFT students at all campuses are encouraged to participate in international events and competitions.

The students have participated and won laurels in several prestigious international competitions like Mittelmoda Premio, World of Wearable Art, New Zealand; Arts of Fashion Foundation USA; Triumph Inspirational awards, IAF Designer Awards in Medellin Colombia; Click! Japan Photo Contest Exhibition, Knitting For Juliet Italy; MAX Design Awards; Exporting Art Together (E.A.T.).

The institute also attracts international students who come and experience its academic and cultural richness. Through the exchange programmes, students from overseas institutes have developed valuable insight not just into Indian culture, arts & crafts but have also understood the Indian market and its dynamics. The students of Management & Technology have had invaluable exposure to production techniques that cater to high fashion demands of the global marketplace.
The strategic alliances encourage academic enhancement at faculty level as well. Faculty exchange and joint research initiatives ensure that the institute’s teaching methods and facilities are constantly upgraded to be at par with the best institutes in the world. To facilitate exchange of teaching pedagogy, concepts and professional ideas, the faculty at NIFT participates in academic exchange programmes, international fairs, seminars, exhibitions, conferences and trade shows thereby bringing their substantial experience to the classroom thus enriching the knowledge pool at NIFT.

Some of the key institutes with whom NIFT has an association are Queensland University of Technology (Australia), De Montfort University (UK), Swiss Textile College (Switzerland), Mod Art International (Paris), NABA (Milan), School of Art & Design, University of Wolverhampton (UK), ENSAIT (France), University of Northampton (UK), Saxion University of Arts (Netherlands), Donghua University (China), Bunka Guaken University, Tokyo, State University of New York College at Buffalo State (USA), Royal Academy of Arts (Netherlands), BGMEA University of Fashion and Technology (BUFT), Dhaka, Bangladesh, Manchester Metropolitan University (UK) amongst others.

**DUAL DEGREE OPPORTUNITY**

NIFT had entered into a strategic alliance with Fashion Institute of Technology (FIT), New York, USA. The partnership encompasses a landmark achievement and first of its kind at NIFT. This new international dimension allows select meritorious students from NIFT, the unique opportunity to obtain a Dual Degree from both NIFT and FIT. Students from NIFT undertake two years study at the home institute intercepted by one year of study at FIT. Thereafter, the students resume their studies at NIFT to obtain the Dual Degree from both the Institutes.

Twenty-two students have completed the dual degree program in the last 3 years and ten students from various disciplines will pursue the Dual Degree opportunity in 2015-16.
NIFT ASSETS

ALUMNI

As leading agents of change, NIFT graduates are reconfiguring the institute’s constellation of achievements and success stories. The alumni are adding value in different work scenarios, both in India and overseas. About 18826 alumni are working with the industry in key decision making positions and are instrumental in shaping the future of fashion business.

Some of them have become brands themselves. Others are excelling in the domain of entrepreneurial dynamics. NIFT alumni are also actively taking their knowledge to the grassroot levels, working towards enhancement of the craft pockets of the country.

The linkage between graduates and their alma mater continues. NIFT has the significant opportunity to benefit from the network of its graduates. NIFT has always valued this resource and has involved the alumni in the future direction of the institute. NIFT International Alumni Network (NIFTIAN) provides a platform for mutually beneficial contribution to the alma mater. Students pursuing their studies also benefit from this network, as the alumni provide a stimulating ground for learning through internships, graduation projects and joint research initiatives.
Faculty at the institute articulates a sense of expertise & dynamism inspiring the students to realize their full potential. NIFT faculty builds critically engaged teaching practices while testing its relevance through a wide range of projects and contexts.

Students enhance their talent by working with the faculty on various real life projects gaining invaluable knowledge, experience and awareness on design application and industry dynamics. In the recent past, faculty & student teams have undertaken varied research and consultancy projects for Air India, EDMC, IRCTC, CATS etc. NIFT has also undertaken capacity building through Skills Development training for Raymonds, CBSE, JSS, DONER, CIDCO, NSCFDC etc. The faculty is a constant source of inspiration to the student community encouraging them to integrate function with specialized knowledge.

NIFT faculty is the strategic enabler in transforming the vision of the institute into reality. Trained at some of the leading fashion institutes of international repute, the faculty brings to the classroom professional capabilities, wide exposure and years of hands-on industry experience. Engaging in doctoral studies, the faculty is committed to grow in their profession. The faculty constantly upgrade their knowledge & skills, creating a stimulating learning environment for students. Faculty paper presentations in the international circuit, participation in seminars & symposia of high repute enable world class academic discourse and knowledge transfer.

In the near future, NIFT intends to address questions of major importance to global society. The institute aims to have research studies centered around human importance. The strategy shaped by the faculty aims at a distinctive ability to create an influential research-intensive environment. Effectively playing the pathfinder’s role, the faculty pool is working towards enhancing the research profile of the institute, fostering a new generation of ‘leaders of the future’.
The vision of NIFT ensures that it has a physical environment that reflects the institute’s academic ideals. The Institute provides state-of-the-art infrastructure and equipment to impart both theoretical and practical training to its students. The facilities and services offered to the students allow them the freedom to explore, experiment and create.

NIFT INFRASTRUCTURE

In the 21st Century, information is the most important resource and knowledge management is the most crucial function in an organization. The Resource Centre (RC) in each NIFT Campus provides the necessary infrastructure to collate and disseminate this critical input.

The Network of NIFT Resource Centres is the only Fashion Information System in India serving the fashion professionals, would-be professionals and fashion educators. Its integrated collection of print and non-print materials is the only systematically documented source of information available in India for the study of international and contemporary Indian fashion. The system is a decentralized network, partially automated and is co-ordinated by the National Resource Centre (NRC) at NIFT, New Delhi. The Resource Centres also provide information services to the design community and the industry.

RESOURCE CENTRE
RESOURCE CENTRE

COLLECTIONS
Following are the highlights of the collections:

• The print collections include books and periodicals pertaining to fashion studies and related disciplines.
• A rich collection of e-books and other digital resources including leading online databases are available for reference.
• All RCs subscribe to leading international fashion forecast services and journals on Fashion and Textiles.
• The audio-visual materials in CDs and DVDs are primarily used as teaching aid. AV collections pertain to history of costume and art; fashion illustration, garment manufacturing and design collections of NIFT graduates.
• The reference collections of RCs comprise manuals, standards, reports, news clippings, trade catalogues from manufacturing industries and retailers; and other information sources.
• RCs showcase designer clothing and regional costumes of India. International collections include costumes from different countries of the world and garments from leading multinational fashion houses. Selective design collections of the graduating students (now well-known designers) are documented and inventoried in RCs.
• The Textile collections in RCs have fully documented and methodically arranged collections of fabrics (displayed fabric and region-wise), export fabrics and latest international fabrics procured from leading trend services.
• RCs also have collections of Fashion Accessories and Findings containing all the materials required to complete a garment.

SERVICES
All RCs use e-Granthalaya, an integrated multi-lingual library management software, developed by the National Informatics Centre (NIC) for collection management and offering numerous proactive information services. The significant features of the system include Union catalogue, Web OPAC, Advanced search, Article Index, Barcode based circulation and Cloud Ready Application.

Reference Services
Highly qualified professional staff offers reference service through online mode as well as in print.

Online Public Access Catalogue (OPAC)
RCs using multi-user version of the library management software offer access to the catalogues of print and non-print collections via both LAN and the Internet.

Bibliographic Service
Subject bibliographies on topics relevant to the fashion industry are available online. Bibliographies on any topic are also printed on demand.

Indexing Service
Online indexing service is an important research tool for easy retrieval of journal literature on fashion and related areas in the NIFT library.

Current Awareness Service
Lists of new additions to the collections of books, audiovisuals and periodicals are available online.

Circulation service
All RCs offer circulation services for selective collections of recommended reading materials. The bar-coded charging system ensures data accuracy and fast check-in and check-out at the circulation counter.

Reprographic Service
Selective reprographic services of photocopying and scanning are provided to the users at all RCs. Thematic displays and exhibitions are organized occasionally.

Development of Digital Repositories
The Resource Centres are engaged in developing digital repositories of institutional research and publications. Valuable print and non-print collections are being converted into electronic format. The entire reference collections of graduation project reports, audio-visual materials, textiles and costumes spread across the network of RCs are being digitized into an interactive multimedia format.

* Collections and services vary from Campus to Campus
In the new age of technological advancements, the success of fashion professionals rests on their ability to integrate fashion and information technology in a meaningful way. The information technology infrastructure is playing a key role in providing an IT-enabled learning environment, with the objective of developing computer savvy, well-rounded professionals. All academic departments maintain computer labs thereby integrating IT with the academics. The computer labs are well equipped with state-of-the-art hardware and software like Macintosh servers and work stations, Computers, Plotters, Digitizers, Image Scanners, Wide Format Printers, Sound Mixers, Digital Cameras, etc.

All NIFT campuses are covered by the National Knowledge Network (NKN) with connecting speed of 100Mbps/1 Gbps. Video conferencing facilities are available for inter-Campus communication. NIFT campuses have fully Wi-Fi enabled setups offering access to secure Internet for the students and faculty. This allows learning to move outside the classroom where students can discuss, learn and grow. All academic programmes of NIFT offer IT applications as part of their curricula.

NIFT imparts teaching inputs in industry specific CAD software for Apparel Design, Textile Design, Graphic Design and Accessory Design programmes. Apart from the specialized industry specific software, IT inputs for Animation, 2D/3D Modeling, Photo Imaging and Editing, Enterprise Resource Planning, Product Lifecycle Management, Production Planning and Scheduling; Statistical Analysis and Web Programming are integrated into the academic curriculum.

The institute promotes brilliance without boundaries. Students from different disciplines are encouraged to use art labs & studios across disciplines. This integrated approach to learning promotes interactivity, arriving at one creative language. The Institute invests in the latest equipment to introduce the updated teaching practices to the class set.

The Department of Fashion Communication maintains a photography lab that includes the most advanced hardware used by domain experts. It is equipped with state-of-the-art suspended Elinchrom lights and motorized backdrops, various accessories like diffusing materials, extensions & radio triggers, Manfrotto tilt-pan tripods etc. enhance the learning experience for students. The infrastructure provided not only helps students develop awareness of old and new photography practices but also assists them in realizing ambitious production based projects.

NIFT INFRASTRUCTURE

COMPUTER LABS

ART LABS AND STUDIOS

PHOTOGRAPHY LAB
PATTERNMAKING AND DRAPING LABS
Course disciplines imparting inputs in apparel design & apparel technology, maintain pattern making & draping labs. These labs are stocked with specialized pattern making tables & dress forms sourced internationally. The infrastructure provides an environment that allows the students to rigorously apply and contextualize concepts and processes of realizing garments. These labs are the breeding ground for heightened creativity, unique approach and innovative perspectives in relation to garment making.

WEAVING LAB
Textile Design Department maintains a weaving lab that is equipped with tabletop sample looms, offering an effective integration of theoretical and practical inputs to students. The infrastructure provides a creative space for students to arrive at a wholistic approach to enquiry and exploration from an individual perspective in relation to materials, processes and methods within the domain of woven structures.

DYEING & PRINTING LAB
Most NIFT campuses are equipped with a Dyeing & Printing lab that is maintained by the Textile Design Department. The lab provides a stimulating learning environment where the students test their theoretical knowledge by gaining practical insight and exposure. The infrastructure allows the students to understand, appreciate and learn different dyeing and printing techniques.

TECHNOLOGY LABS
NIFT realises the significance of the role of Technology in modern technical education. The technology labs not only support the classroom teaching but also enhance academic deliverance by providing practical insight to the students. The Institute has developed well-stocked Technology labs at all campuses.

KNITWEAR LAB
The Department of Knitwear Design is equipped with state of the art machinery required to familiarize the student with industry set-ups. This includes specialized machines for seaming and finishing fine-gauge circular knit fabric as well as manual flat-knitting and linking machines. The laboratories house computerized flat and circular knitting machines, facilitating an understanding of CAD. This infrastructure provides the students with an opportunity to explore practically and develop design possibilities in their field.
GARMENT TECHNOLOGY LAB
Most NIFT campuses are equipped with specialized labs specific to garment technology. RFID fitted lab, ETON system lab, patternmaking lab etc., provide a complete learning environment to students creating a pathway to unmatched career opportunities in the apparel industry. The infrastructure provides an ideal sensitization to contemporary practice in apparel technology methods and techniques.

ACCESSORY DESIGN LAB
Owing to a strong industrial approach, Accessory Design Department maintains a state-of-the-art lab that houses machines & equipment essential to material handling techniques, model and prototype making. Laser cutting machines and metal & wood lathes allow the students to integrate theoretical knowledge with substantial practical learning. Determined by the Campus-specific course specialization, the lab provides a stimulating workspace for students to acquire a wholistic understanding of machinery and material.

LEATHER DESIGN LAB
The Department of Leather Design allows students to gain hands on experience in processes and methods in relation to handling leather as a material. The department maintains a well-equipped lab that houses the latest technology in sewing and finishing for leather apparel & accessories. Infrastructural framework of machinery for cutting, sewing, fusing, engraving, embossing, skiving, etc. helps students develop an understanding of practical knowhow to realize their design potential to the fullest.

AMPHITHEATRES & AUDITORIUMS
NIFT aims at providing an exceptional student experience. The institute promotes academic inclusiveness but with an equal focus on student development through co-curricular opportunities. In most campuses, the amphitheatre is the hub of all student activity. Interesting architecture and high-end infrastructure allows students to indulge in a variety of activities in the amphitheatre. Film nights, dance recitals, music shows, intra-collegiate & inter-collegiate events are mostly conducted in the amphitheatre. Emphasizing on all round development of its students, the institute houses state-of-the-art halls / auditoriums. Some NIFT campuses are equipped with world-class hydraulic ramps that provide an in-house infrastructural framework for fashion shows and other creative pursuits. The halls / auditoriums provide the venue for peer and industry interaction through talk shows, seminars, exhibition & display.
NIFT STUDENT FACILITIES

HOUSING
NIFT facilitates residential accommodation for girls at most campuses. The NIFT hostels are run on a no profit/ no loss basis. All the hostel premises including the ones being run by private enterprises are provided with round the clock professional security, a doctor on call and hostel warden(s). Recreation facilities like television, some indoor and outdoor games are also available in the hostels.

DINING
Most NIFT campuses are housed with a cafeteria that provides fresh, hygienic and healthy food at reasonable rates. The variety of food available and a friendly atmosphere makes the cafeteria an ideal place for students to relax and interact with their peers. Almost all cafeterias are Wi-Fi enabled, allowing the students to utilize their free time to the fullest.

HEALTH CARE
Medical aid is available on campus. Every NIFT Campus provides an infirmary/sickbay to its students. A doctor and nurse are available to attend to general medical concerns of the students. A psychologist is also available on Campus to counsel students.
NIFT STUDENT FACILITIES

RECREATION
Student Development Programme at all NIFT campuses is initiated to encourage students to participate in extra-curricular pursuits making their education at NIFT more holistic and complete. Participation in these activities complements academic studies while providing ways to socialize, relax and be revitalized to face day-to-day challenges of student life.

Students participate in wide range of activities through Student Development Activity Clubs viz., Cultural Club, Literary Club, Sports, Adventure & Photography (SAP) Club and Ethics, Social Service and Environment (ESSE) Club. Through the academic term, student clubs function in the activity hour called ‘zero hour’ every Wednesday evening. Also, at most NIFT campuses, a sports gymnasium is available to students.

‘Fashion Spectrum’, the annual fest of the institute provides a pulsating platform for students to showcase their talent in varied inter-collegiate and intra-collegiate activities & events. To promote interaction across campuses, the best of best from all campuses compete at ‘Converge’, a centralised cultural and sports event hosted by any one NIFT Campus.

NIFT SCHOLARSHIPS & AWARDS

SCHOLARSHIPS & BURSARIES
The financial strategy of the institute places student development as a key priority. A considerable sum from NIFT Development Fund is effectively put to use in this core area every year.

To maximize the potential of its students, the institute’s Means-cum-Merit Financial Assistance scheme allows students from humble backgrounds to avail subsidized tuition fee at every Campus. Determined by the parental income, students can fall into three slabs of monetary assistance. Many students in the past have benefited from this scheme. Further, many leading organisations from the apparel sector have come forward to encourage NIFT students in their academic and creative quest. Pioneers in the related field have instituted awards & scholarships namely ITC, HomeShop 18 etc. to recognize and compliment academic brilliance. This provides motivation to the students, from their first year of study.
NIFT AWARDS
NIFT honours students in three categories of Awards which are conferred at the time of the Convocation:
• NIFT Best Academic Performance Award: one student in each discipline at each NIFT Campus.
• NIFT Extraordinary Service Award: one student at each NIFT Campus
• NIFT Student of the Year: one student at each NIFT Campus
All three awards carry a citation, a gold medal and a cash component. NIFT also institutes awards in various categories for respective programmes which are given at the time of their graduation show/presentation.

EMPLOYMENT SERVICES
NIFT Placement Cell facilitates on campus placements for graduating students, enabling them to start their careers in challenging positions in the industry. Leading national and international apparel companies vie with each other to recruit NIFT professionals.
The star employers of NIFT professionals in the past from domestic companies have been Arvind Limited, Future Lifestyles Fashions Ltd., Madura Fashion & Lifestyle, Raymond Apparel Ltd, Siyaram Silk Pvt. Ltd., Globus, Proline, Titan amongst others. Leading buying offices like Gap, Li&Fung, Tommy Hilfiger, Triburg, Impulse-Next have been regularly offering key decision making positions to the graduates. Many international companies like Benetton, C&A, J.C. Penny, Jockey, Levi Strauss, Nike Inc. have also absorbed young talent from the institute to meet their specialized needs. Unbridled creativity of the fresh graduates has been noticed by leading designers like J.J. Valaya, Ritu Beri, Ashish Soni, Rajesh Pratap Singh, Manish Arora to name a few.

- Bachelor Degree from any Institute/University recognised by law in India or Diploma of minimum 3 years duration in UG Design from National Institute of Fashion Technology (NIFT) or National Institute of Design (NID)

Design Space is an advanced course that demands an understanding of fundamentals in design and presupposes that candidates would be familiar with the basic skills and theories for successful completion of the programme. NIFT programme would not provide any basic knowledge and skill development in design as a part of Master programme.

**Master of Fashion Management (M.F.M)**

**Eligibility**
- Bachelor Degree from any Institute/University recognised by law in India or Undergraduate Diploma of minimum 3 years duration from National Institute of Fashion Technology (NIFT) or National Institute of Design (NID)

**Master of Fashion Technology (M.F.Tech)**

**Eligibility**
- Bachelor of Fashion Technology (B.F.Tech.) from National Institute of Fashion Technology (NIFT) or Bachelor of Engineering (B.E) / Bachelor of Technology (B.Tech.) from any Institute / University recognized by law in India.

- The medium of instruction at NIFT is English and all aspirants applying to NIFT must possess working knowledge of English language.
- All aspirants applying to NIFT must possess basic computing knowledge and skill as applied to operating system, word processing, text editing, spreadsheet, data base application, presentation as well as net surfing abilities
- For further details, refer to Admission Guidelines

NIFT reserves the right to increase or decrease the number of seats offered at its discretion.
The rapid changes due to globalisation, advance technology and communication are affecting the nature of society at large. Design belongs to a transient moment in history, continuously evolving and conditioned by the country’s socio-cultural and economic environment. Suspended between tradition and modernity, art and technology, craftsmanship and industrialisation, design education in India is characterised by a two-fold thrust harnessing available and indigenous human, material and technological resources on one hand and aligning itself with global trends and influences on the other. It is towards this objective of providing a sound foundation in design and fashion with a strong industry orientation that NIFT has introduced a four-year Bachelor programme that will create competent and professional designers and managers in the field of fashion. It will also lead to enhancement of core-content through an integrated approach to Design, Technology, Management and Communication.
COURSE CONTENT

**Design**
Basic design skills and processes leading to conceptual skills and ideation for creative mobilisation of processes and strategies for innovation.

**Technology**
Production processes, tools and equipments Material sciences.

**Management and Marketing**
Research, trade and professional practices Marketing, promotion and merchandising Industry orientation and business management.

**Liberal Arts and Communication**
Socio-cultural history of fashion, art and design.

**Field Study/Internship/Projects**
Production environment, structures and processes through hands-on experience and research.

**YEAR 1**
Basic essential knowledge and skill based competencies, generic to design for conceptualisation and ideation.

**YEAR 2**
Broad-based competencies generic to design discipline and introduction to industrial know-how, processes and materials.

**YEAR 3**
Core competencies and conceptualisation specific to chosen disciplines.

**YEAR 4**
Specialisation, industrial internships and consolidation based on research and innovation to acquire professional competencies.
FOUNDATION PROGRAMME

In this first year, a structured foundation programme provides essential inputs on the dynamics of fashion to all students pursuing bachelor programmes, i.e. B.Des. and B.F.Tech. It is designed to orient and sensitise students towards understanding of the fundamentals of fashion business namely design, technology and management in a socio-cultural perspective. The programme focus is to build the base for future learning of the design and technology function.

COURSE OBJECTIVES

• To provide an overview and orientation to the fashion industry.

• To introduce the context and academic structure of the design and technology curriculum.

• To provide an enhanced environment for thinking, learning and gestation.

• To ensure a fundamental and common approach for fashion industry in consonance with the emerging challenges and needs of the industry and the overall vision and goal of NIFT.

• To provide uniform basic knowledge and skill competencies generic to the disciplines of design and technology.
COURSE CONTENT

The Design and Technology core encompass a strong integrated skill and knowledge base essential to the fashion industry. An overview of apparel industry provides inputs on the socio-economic, traditional and cultural aspects of the industry, which would lead to ideation, conceptualisation and communication. Exploration with various materials and study of general and material science will enhance basic understanding and appreciation of manufacturing processes leading to product realisation. To understand the intricacies of design, inputs in Geometry and Visualisation and Representation and Elements of Design are included as part of the Foundation Programme.

The Management core focuses on the close network between the manufacturer, consumer and the commercial environment on one hand and the various infrastructure, administrative and human resource management on the other.

The inputs on fundamentals of computer science are a part of the Foundation Programme.

The Communications and Liberal Arts core address the essential socio-cultural perceptions and contexts. Envisioning and inculcating ethical and aesthetic values lead to the understanding and expression of physical, psychological, professional and ergonomic concerns.
The programme prepares students for careers as Designers, Brand Managers, Visual Merchandisers, Product Managers and Entrepreneurs in broad areas of precious and costume jewellery, leather goods, giftware, tableware, watches, footwear, handicrafts and lifestyle products.

SPECIALIZATION

Accessory Design at NIFT New Delhi, Mumbai, Bengaluru, Bhubaneswar, Bhopal, Chennai, Hyderabad, Jodhpur, Rae Bareli, Shillong and Kangra:

Jewellery & Precious Products specialisation at NIFT Gandhinagar and Kolkata

COURSE CONTENT

YEAR 1
Common Foundation Programme in Design

YEAR 2
Orientation to programme specialisation: familiarity, appreciation and insight to various accessory types. Development of skills and basic understanding of materials and processes, construction principles, anthropometrics, principles of size and proportion, with broad orientation to socio-cultural and historical context of the sector. Orientation to Indian as well as global context of fashion, trends, consumers and market. Application of learning through basic design projects.

YEAR 3
Development of core competence and knowledge through research and applied experiences. Capability to develop realistic design approach within limited constraints inherent in accessory products. Ability to evolve strategy for design, which integrates technical complexities and fashion influences. Ability to generate systems thinking towards range development and design collection in relation to fashion identity and prevailing fashion trends. Develop competence in handling marketing and retail environment, product merchandising, and consumer interface issues within design context, integrating finer aspects of technology, materials and processes as well as various levels of production from precision oriented to vendor based manufacturing.

YEAR 4
Consolidation and real life application of holistic professional competence and values to realise and execute design development projects within a business context. Develop broad based approach towards specific design capability and application to multi-product and multi-materials in areas of fashion accessories and lifestyle products. Develop capabilities to induce design perspective and potential in the industry mindset.

Fashion Communication is one of the newest and most exciting avenues to open up in the fashion and lifestyle industry. Today, the success of a brand is marked and understood largely through its uniqueness in identity. With a multitude of prêt and luxury brands mushrooming in the Indian retail scenario, it has become essential for each one of them to develop a unique brand identity for maximum impact and visibility, in the domain of Fashion and Lifestyle Industry. This is made possible by fashion communication professionals, who excel in extending the design strategy beyond the domain of the product, to include all aspects of communication design. Thus, ‘Fashion Communication’ forms the core of the whole business of Fashion.

This Programme encompasses integrated course study relating with the areas such as visual merchandising, styling, graphic design, display and exhibit design, advertising and public relations, and creative writing, specific to the fashion and lifestyle industry. Thus at the exit level therefore equipped with an intensive skill, knowledge and concept base, Fashion Communication students emerge as dynamic professionals qualified to offer the most effective and financially viable communication solutions for the fashion and lifestyle industry.
COURSE CONTENT

YEAR 1
Common Foundation Programme in Design

YEAR 2
Students receive inputs in the fundamentals of communication and design through courses that employ the pedagogical tools of theory, exploration and application. Spread over two semesters, the process of introduction and orientation to communication design is addressed through subjects like Fashion Studies, History and Philosophy of Design, Communication Concepts & Processes, Writing Skills, Consumer Behaviour in Fashion, Computer Application, Graphic Design, Visual Merchandising, Photography, Design Methodology, Research Methodology and Basics of Styling.

YEAR 3
The third year delves deeper into the core discipline areas with greater emphasis on creativity. Subjects like Visual Merchandising, Graphic Design, Styling and Photography and Fashion Journalism are studied in more detail, with emphasis on independent studies and project work. The students undertake craft research and documentation and propose communication design solutions to promote and uplift the craft. Industry internship is also an integral part of the curriculum at the end of the third year.

YEAR 4
The students develop a deeper understanding of their area of specialization, through further research, contextual studies, seminars and design projects. They are introduced to electives that offer specialization across multiple areas of Industry requirements. In the final semester, students demonstrate all round competence through a real life Industry project. The project format over its 18 weeks duration is structured around internationally followed approaches. It is a constructive experience for the students to appreciate and account for all important parameters governing a specific communication solution.

The Fashion Design Department has been instrumental in bringing about a paradigm shift in design perception in India. The programme has been designed in such a way that it works closely with fashion professionals so as to evolve a distinctive and exceptional fashion identity that is acceptable to the Indian as well as the international audience.

Equipped with the latest state-of-the-art technology, the degree programme follows a three-pronged approach. The programme is strengthened with an increased relevance to the fashion industry in India with a mission to create a global and comprehensive personality in design. In addition to this, a holistic input on generic design with focused approach towards apparel inculcates the ability to develop and channelize creativity.

The students are trained to anticipate and address relevant concerns and issues by experienced and trained fashion professionals. A logical, sequential, hands-on experience enables students to conceptualize designs, make patterns, drape and construct garments of impeccable quality that are cosmopolitan in body and soul.

In tandem with the shifts in the industry where design has become even more significant, the students on one hand are exposed to international trends and forecasting to remain updated with the international fashion, and on the other hand are taught to remain rooted through craft cluster projects. The students are trained and nurtured to be ready for the fashion industry, be it prêt-a-porter or couture fashion with an intensive internship programme. They are exposed to the business, merchandising and marketing side of the fashion business so that they can become fashion entrepreneurs. The students also undertake specialized training in various categories like menswear, children’s wear, fashion styling, lingerie design and couture design to name a few.

The programme prepares students to pursue careers as Designers, Freelance Design Consultants, Design Managers, Stylists, Exhibition and Visual Display Experts, Forecasting and Fashion Trends Forum Organisers, Costume Designers, Illustrators, Pattern Engineers and Entrepreneurs.
COURSE CONTENT

Year 1
Common Foundation Programme in Design

Year 2
Introduces students to various aspects of Fashion Design education through subjects like Fashion Illustration and Design, Fashion Studies, Elements of Textiles, Surface Development Techniques and History of Costumes. Introduction to Pattern Making and Garment Construction contributes to Prototype Development.

Year 3
Builds on learning from the previous year with great departmental specialization. The focus is on greater exposure to the complexities and nuances of different segments of the Apparel Industry. An Industry internship during the year is an invaluable experience for students to interface between design and technicalities of production.

Year 4
Focuses on niche specializations and electives with a focus on Research and Development. The final semester culminates in a Design Collection, where students present their collections in a show.
The programme has been designed to create well-rounded professionals equipped to handle the challenges of circular and flat-bed knitting in the domestic and export fields. They can pursue careers as Designers, Creative Managers, Merchandisers, Production Managers and Entrepreneurs.

The four year Knitwear Design programme is developed towards creating a design professional who can cater to Knitted Apparel- an exclusive segment in fashion. It aims to provide the student with creative thinking, strong technical skills and a dynamic market orientation.

Knitwear Professionals provide value addition to multiple areas for the fashion business; be it Apparel Designers, Fashion Forecasters, Fashion Stylists, Product Developers, Production Managers or Merchandisers. The curriculum likewise is multipronged, with a strong design direction. Students apply their classroom learning to industry simulated environments, and undertake a 8 week industry internship for both flat as well as circular knitting to hone their skills. Their design and technical knowledge culminates with a grand design collection at the end of the 8th semester.

Knitwear design students are exposed to a wide milieu of subjects including Fashion Art and Illustration, Garment Construction, Pattern Making for Knits, Flat and Circular Knitting, Computerized Flat Knitting, Trends and Forecasting, Design Process, Knitwear Production and Planning, Merchandising and Marketing.
YEAR 1
Common Foundation Programme in Design

YEAR 2
The student is introduced to the world of knitted apparel through subjects like Basic Pattern Making, Flat knitting, Garment construction, Design application for fashion and History of world costumes. They move into core areas of knitwear with subjects like Digital fashion illustration, Circular knitting, Pattern making for knits (womenswear) and Garment construction for knits (womenswear). Traditional design acumen is honed with a craft survey and documentation at the end of the year.

YEAR 3
Advanced techniques for knitwear design is introduced with subjects like Digital Illustration, Draping, Print design and Computerized flat knitting. Students also learn presentation skills with Portfolio development, and the intricacies of category wise planning for knitwear with Menswear, Sportswear and Fashion Merchandising. The third year culminates with an internship in the industry.

YEAR 4
Students are introduced to elective subjects that offer specialization across multiple areas of industry requirements. These include Retail buying, Retail space design, Product photography, Image and Fashion styling etc. They also study areas in Entrepreneurship, and Lingerie design. The year culminates with an individual design collection or graduation project in industry showcasing the students’ strength in conceptual thinking and translation into knitted apparel.
The Leather Design Program at NIFT is unique in its structure and application to the Leather garments, goods, footwear and lifestyle accessories Industry. It focuses on an integrative Design perspective within the Industry requirements. The course is highly structured with a mix of Design, Technology and Management input which aims at developing a holistic design professional. The program emphasizes the integration of design concepts with material knowledge to meet Industry requirements.

The Department was set up in 1993 at New Delhi keeping in view the needs of the Industry and the nature of the department to evolve with changing times we have encompassed the areas of Leather Garments, Fashion goods, Personal Lifestyle accessories and Footwear across our four centers being offered at Chennai, Kolkata, New Delhi & Rae Bareli.

Exposure to the industry through field trips, tannery training, industry internship and graduation projects are an integral part of the curriculum which contribute to shaping the competitive and entrepreneurial spirit of the students. With emphasis on hands-on learning, the graduates have an in-depth knowledge of the materials, construction and presentation techniques and are able to conceptualise professional design collections for global brands and markets.

The multidisciplinary approach strengthens the spectrum of the various product categories being dealt with in the curriculum. The Alumni of the Department are trendsetters in their respective areas and have evolved the modern paradigm of the industry making it an integrated part of the Global Fashion and Lifestyle arena.

The programme equips students to pursue a wide range of careers in the Leather Garments, Fashion goods, Personal Lifestyle accessories and Footwear industry. Their opportunities involve activities Centered around Design & Product Development, Merchandising, Manufacturing, Retail and new Media. The course also develops entrepreneurial skills enabling students to set up businesses geared for Export and Domestic markets.

YEAR 2
Focuses on understanding materials, development of design skills and product realisation concepts. Students will study skill based subjects like Fashion Illustration, Pattern Making and Construction, Leather Processing and Surface Techniques, Computer Applications and Design Projects in garments and small goods.

YEAR 3
Builds on the learning of the previous year with understanding of manufacturing processes, advanced leather processing techniques and further application of design concepts and skills. Subjects include Advanced Illustration and Technical Drawings, Advanced Pattern Making and Construction, Merchandising & Supply Chain, Production Systems and Analysis. Students also undergo an industry internship for hands-on experience. Inputs in Design software gives the students a competitive edge in the industry.

YEAR 4
The final year focuses on Research and Development in design and technology with choices in electives. Students undertake industry sponsored graduation projects in the areas of Design, Management and Technology.

The programme prepares students for a wide range of careers in textile industry; mills, export houses, with fashion designers, design studios, handloom cooperatives, NGO’s and buying agencies as Designers or Managers, or work independently as Designers or Entrepreneurs.
COURSE CONTENT

YEAR 1
Common Foundation Programme in Design

YEAR 2
Focuses on introducing students to various aspects of textile design namely, weaving, printing, embroidery and dyeing. Subjects such as Appreciation of Indian Textiles and Textile Science are enriched with field visits to museums, exhibitions, textile mills, printing and processing houses. The course also lays emphasis on learning of specialized software to explore digital and non-traditional approach to design, fabric structures and surfaces. An exposure to the craft environment is introduced through Craft Research and Documentation.

YEAR 3
Builds on and strengthens the knowledge base of students by imparting design, technical, marketing and communication skills. Areas of study are dyeing, printing and finishing, Quality analysis and Assurance, CAD, Weave and Print Design, Business of Design. The third year culminates with Industry Internship for 8 weeks, which provides exposure and invaluable experience for the students to understand the varied sectors of textile Industry.

YEAR 4
Focuses on number of electives and Advance Design Project to understand and apply the design process, skill and knowledge to design textiles and non-textile products. Students undertake sponsored Graduation Project in their final year, with the industry for a period of 18 weeks to develop collections of textiles for home or apparel. The projects are sponsored by textile mills, export houses designers or NGO’s. The Graduation Project culminates with academic evaluation and final showcase of students work in an annual show.
The four year Bachelor programme is designed to meet the requirements of ever emerging challenges of the apparel industry. The programme lays emphasis on best practices in apparel manufacturing and prepares professionals who can significantly contribute to the fashion technology domain of the apparel industry.

The industry responsive course curriculum, state-of-the-art infrastructure, practical insights in real world through constant interaction with apparel industry, alongwith experienced faculty helps the department to stay competitive and maintain the long standing tradition of providing highly trained personnel in garment manufacturing setups.

The programme equips students to pursue wide range of careers in areas of Garment Production, Quality Assurance, Garment Fit, Industrial Engineering, Product Development, Sourcing, Project Analysis, Production Planning, Entrepreneur Development, Human Resource Management, System Analysis, Software Application and Merchandising

YEAR 1
The first year lays emphasis on the understanding of the fundamentals of Design, Management and Technology for fashion industry. This creates a firm foundation for the students to understand the fast changing multi-dimensional fashion industry.

YEAR 2
The second year introduces apparel technology subjects like understanding raw materials and machinery specific to apparel manufacturing, introduction to statistical tools and software related to the apparel industry. The students also get hands-on experience to transform the raw material from 2D to 3D through pattern making and garment construction.

YEAR 3
The third year imparts knowledge in production planning, operations management, quality management, fashion merchandising, costing and work study, advanced pattern making and garment construction. The departmental electives offered in diverse and contemporary topics like sustainable production and IT applications further enhance their learning. The understanding and comprehension of the textile fabric as raw material is enhanced with a two week textile internship during the 3rd year.

YEAR 4
In the final year students undertake an intensive 14 week apparel internship. The students are also introduced to application based subjects like Plant Layout, Ergonomics, Lean Manufacturing, Product Analysis and Development, Apparel CAD and Grading. The students undertake research project based on real life projects and the implementation of their project gives them a comprehensive learning experience thus preparing them for their careers as apparel professionals.
The objective of the programme is to create new avenues for professionals through higher education. The training in the programme can be applied to academic research and Research & Development wings of Industry.

Nature of fashion has evolved beyond its association with apparel only. It has become multi-disciplinary and multi-dimensional. Likewise its approach to various concepts, material, technology, craftsmanship, culture, business, economics, promotion and consumption; has evolved creating unexplored areas that present immense scope for study and research. Design Space is the entire domain of established areas of design as well as the unexplored or allied areas which have an impactful symbiotic relationship. True its multi disciplinary nature the programme admits students from various disciplines who are able to work beyond boundaries and bring their skills and ideas together in new and exciting ways. Students are given the opportunity to take their existing skill set to a higher level of research and practice.

Trend research and design innovation for the growing fashion industry are the services which graduates of this programme can confidently offer. The masters of design programme at NIFT is designed to cater to burgeoning requirements of the industry in the forthcoming years. This gives a platform to the graduates to achieve key positions in the industry as thought leaders in a short span of time.

(The above mandate is based on the assumption that the students applying for Master of Design Programme would be familiar with fundamentals of design.)

Students graduating from this programme would be equipped to hold key positions in large fashion or corporate houses. They will work in fields like accessories, craft, textiles, furcating, special needs, publications, media, lifestyle products, new product development and graphics. This will be based on the area of specialisation pursued by the individual student. The graduates would be able to contribute in Research and Development in government and private agencies. The Master of Design programme would enable the graduates to make scholarly contribution in academia as well.
YEAR 1
The preliminary semester forms a platform to bring students from diverse backgrounds at parity. The semester creates a foundation with research methodology, design thinking, digital design, professional communication, IPR and builds on developing contextual knowledge in design through culture studies, outbound workshops and fashion language.

The next semester reinforces advanced research methods and augments design focus through introduction of specialised electives in a collaborative approach. Students choose from design electives cutting across disciplines such as Space & Interactive Design, Craft Studies, Costume Studies, Fashion Innovation, Interface Design, Ergonomics, Design for Special Needs and Functional Textiles. Monitored research and design projects encourage students’ to ideate research and propose original approaches to existing research in the selected area of specialisation. At the end of year one, the students undertake industry internship during the summer break to gain real life industry experience.

YEAR 2
The second year builds on progressive futuristic applications through trend research and forecasting and projects to demonstrate clear evidence of originality of thought and approach towards the final individual outcome in their areas of specialisation. Craft studies and sustainable systems embrace the global concerns and practices into learning. Guided projects along with inputs on design entrepreneurship inculcates entrepreneurial abilities which the student proposes to the industry/governmental/private/NGO/ international organisations. This approach encourages the student to act as an incubator for industry interface. The knowledge and skill acquired during the course work culminates into a final dissertation which is demonstrative of student’s personal ideas and investigation towards the realisation of an original body of work.
The objective of the two year Master of Fashion Management (MFM) Programme (erstwhile AMM), started in 1987, is to develop managerial talents in the field of marketing, merchandising and retailing best suited to the requirements of the garment export and fashion retail sectors.

Students undergo rigorous education in buying, merchandising (retail and export), retail operations, forecasting, international marketing, international trade practices and project formulation. They are exposed to creative merchandising/marketing, innovative fashion management practices, directions of fashion trends and business practices through field visits and industry internships. They have the right blend of hard and soft skills and possess the right attitude to enter the middle management of any growing organisation.

COURSE CONTENT

YEAR 1
In the first year, the programme introduces concepts and principles of Fashion Marketing, Retailing, Merchandising, Management, Product related knowledge and Soft Skills. The curriculum is relevant and updated through regular interaction with the stakeholders. Latest innovations in the programme have been in the areas of Mall Management, E-Business and Store Operations. Departmental electives offered allow students to select areas of specialisation according to their individual interests. Towards the end of the year the students are exposed to the dynamics of an organisation through an eight week fashion industry internship and training programme. This enables the students to integrate classroom learning with practical experience.

YEAR 2
In the second year, the emphasis is on application of knowledge and skills acquired in the first year. Relevant new areas of study like Social Media Marketing, Luxury Management, Services Marketing and the study of Special Product Groups provide the young minds with an opportunity to further explore their areas of interest. As part of the curriculum, the students carry out the sectoral studies and involve themselves in rural development social responsibility projects. They undertake company sponsored graduation research project with an organisation of their choice to integrate the learning of previous semesters.

It is mandatory for the Differently Abled candidates to attend the Counselling for evaluation. The course will be allotted to the candidates after assessing the capabilities of the candidates. NIFT may consider applications from PHP students for providing external assistance during assessments, with the condition that the expenses for the same will be borne fully by the student/applicant. It is however recommended that the student/applicant arrange his/her own external assistant for this purpose as this will ensure a better fit for individual needs.

NIFT will assess the actual physical/ psychological capability of a candidate selected for counselling of a particular programme/course as per the specific requirements of that particular Programme/course by a Board constituted at each campus by the Campus Director. The three members Board will consist of a Medical Officer/Psychologist, a Faculty from the concerned department (Design/Technology/Management) and an Administrative Officer. Candidates are advised to come prepared for such assessments at the time of counseling. NIFT may utilize its laboratories/equipment/test materials for making such assessment of the physical/psychological capability of a candidate for undertaking that Programme/course and may tailor such test for each individual separately as decided by the Board. The assessment is compulsory for all candidates seeking reservation under this category.

The Board in its proceedings will recommend whether the candidate is capable or incapable for undertaking the particular programme/course applied for. A copy of such order will also be communicated to the candidate in writing under acknowledgement informing him that he can make an appeal against the order, in which case the appeal will be referred to another Standing Board at Head Office (HO) whose recommendation will be final and no further representation will be accepted. NIFT reserves the right to disqualify the candidature in case of inability of the candidate for a particular programme.

The table below indicates the type

Campus / Programme will be allotted on the basis of merit list drawn as per the scores obtained by the candidates. Candidate may appear in as many as SAT-1 /GMAT/GRE examination prior to 30th April 2016. The highest score among the test will be taken into consideration for allotment of seat.

PROCEDURE FOR APPLYING UNDER FOREIGN NATIONALS/SAARC/ NRI CATEGORY:
Those seeking admission under this category have to apply online at website www.nift.ac.in or https://applyadmission.net/NIFTNRI2016. The last date for applying under this category is 30th April 2016.

Candidates applying for Bachelor Programmes of NIFT should arrange to send SAT-1 scores directly from College Board, USA, to NIFT H.O. New Delhi. SAT-I scores have to be submitted through College Board to NIFT. The Designated Institution (DI) Code is 7258.

The Campus and Programme will be allotted to the candidates based on SAT-I/ GMAT/GRE score as well as the preference of the candidate.

Candidates at the time of registration for SAT-1 should indicate DI code: 7258 for sending their scores to NIFT Head Office, New Delhi.

Candidates applying for Master Programmes i.e. Master of Fashion Management (MFM), should arrange
to send GMAT test scores while those applying for Master of Design (M.Des.) and Master of Fashion Technology (M.FTech.) should arrange to send GRE test scores directly to NIFT H.O. Delhi. The GRE/GMAT/SAT-I scores should not have been declared before 1st January, 2014 and should be received by the Institute latest by 30th April, 2016. The applicants must designate NIFT Programmes as choice in the GRE/GMAT/SAT-I.

Candidates seeking admission under this category should apply in the prescribed Application Form online.

**Academic Eligibility:** All candidates must satisfy the required academic qualifications. In case Degree/certificate has been obtained from some University/Board of any other country then an equivalence certificate must be obtained from Association of Indian Universities (AIU) New Delhi (website: www.aiuweb.org) prior to admission.

The medium of instruction in NIFT is English and all aspirants applying to NIFT must possess working knowledge of English language.

Any NRI seat remaining vacant will lapse and not be converted to any other category. However, the remaining seats will be offered to the children/wards of NRI as per merit during counselling. NIFT may re-allocate seats among the programmes to meet the demand of the candidates, within the overall limit as prescribed for this category.

**Special NRI Test**
All the candidates having Common Merit Rank (CMR) and falling under the category “Children/Wards of NRI” will be given an opportunity to opt for NRI seat subject to fulfilling the criteria, submission of necessary documents and fee during regular counselling. If however, NRI seats remain vacant, these seats will be offered again for admission through a special NRI test. Candidates having CMR and the candidate who could not be shortlisted for Situation Test/GD & PI, as well as, fresh/new aspirants would be eligible for admission as per their choice subject to fulfilling necessary academic and documentary requirements. The test/interview will be conducted at New Delhi. Registration for all the applicants would be mandatory. However, the candidates having CMR shall be exempted from the test. Also, the candidates who could not be shortlisted for Situation Test and GD & PI will have to appear only for the Interview. New candidates have to appear for both Written Entrance Examination and Interview. While drawing up the merit list the candidates with CMR will be assigned top position as per CMR. Candidates who appeared only in interview will be placed next in line and the new candidates would be placed thereafter. Based on these parameters, a final consolidated merit list would be declared. Seats shall be allotted strictly as per merit.

**Fee Payment:**
The candidates who fulfill the admission criteria specified above may apply online with requisite application fee of US$100 through the Online NIFT Payment gateway.

The candidates selected under this category shall pay the fee at the time of admission for the first academic year consisting of two semesters. They would also need to obtain a valid residential permit or student visa for the prescribed duration of the programme.

**Hostel Accommodation and Other Expenses:** Hostel fee and other expenses, indicated in Admission Prospectus may vary from one NIFT Campus to another. The hostel fee is required to be paid by the candidate directly to the Campus at the time of admission/joining. Candidates are advised to visit the website or contact the concerned authorities of the NIFT Campuses for detailed information regarding hostel accommodation and related expenses.

**State Domicile Preferential Seats**
Twenty percent (20%), i.e. 06 supernumerary seats in addition to 30 seats will be offered for admission as State Domicile Preferential Seats to candidate who
belong to the States where the following NIFT campuses are located:

3) Analytical Ability and Logical Ability: This sub-test is designed to test the candidate's capacity for inference and logic from the given information and to evaluate the candidate's ability to identify the given problem and apply reasoning in solving the core issues of the problem. Concepts and practice of creative and lateral thinking are likely to be useful.

4) General Knowledge and Current Affairs: This sub-test is designed to test the candidate's general knowledge and current affairs.

5) Case Study: This sub-test is based on a situation of an industry environment. It helps to evaluate the candidate’s managerial ability.

M.F Tech will also have some questions from the engineering field.

The number of questions may vary in each section and for each course year to year. The level of difficulty in questions for all courses may vary.

Short listed candidates from the written entrance examination are required to take the Situation test/Group Discussion (GD) / Interview as applicable (except B.FTech).

**SITUATION TEST**

Shortlisted candidates for B.Des from the written entrance examination are required to take a Situation Test which is a hands-on test to evaluate the candidate's skills for material handling and innovative ability on a given situation with a given set of materials.

No additional material will be provided / allowed.

The model will be evaluated on space visualization, innovative and creative use of given material, composition of elements, colour scheme, construction skill, finesse of the model and overall presentation etc. These parameters will be checked with the write up explaining the concept behind the model constructed. Since the medium of instruction in NIFT is English, the write-
up will be in English. No marks will be given for write-up in any other language.

The use of outside/additional material in making the model/design is not permitted. Also, candidates who try to disclose their identity by writing any personal details or place any identification mark on the model/design/write-up shall be considered “DISQUALIFIED” and the final result of these candidates shall not be declared.

The evaluation of the test will be done by the Jury on the spot. The model will not be preserved for future reference.

GROUP DISCUSSIONS
Shortlisted candidates for Masters Programs from the written entrance examination are required to undergo Case Study based Group Discussions (GD) and Personal Interview (PI). GD would comprise approximately 15 to 20 minutes of discussion on a case study assigned, on which a panel of experts will assess the candidates on various parameters including:
1) Conceptual clarity
2) Knowledge of the topic assigned
3) Contribution made to the topic
4) Interpersonal skills
5) Ability to generate new ideas
6) Problem solving approach
7) Leadership qualities
8) Effective communication

PERSONAL INTERVIEW
Candidates shall be evaluated on the various parameters as listed below by a panel, in the Personal Interview:
1) Career orientation
2) Aptness for the course
3) Overall personal achievements in academics and co-curricular activities
4) Communication
5) General awareness and aptitude, creative and lateral thinking

As no separate training is required for the above, NIFT does not recommend or endorse any coaching classes.

AGAINST RAGGING:
Ragging in educational institutions is banned and any student indulging in ragging is liable to be punished appropriately, which may include expulsion from the institution, suspension from the institution or classes for a limited period or fine with a public apology. The punishment may also take the shape of (i) withholding fee subsidy/scholarships or other benefits, (ii) debarring from representation in events, (iii) withholding results, (iv) suspension or expulsion from hostel or mess. If the individual committing or abetting ragging is not/cannot be identified, collective punishment can be awarded to act as a deterrent. The following will be termed as the act of ragging: any disorderly conduct whether
by words spoken or written or by an act, which has the effect of teasing, treating or behaving rudely with any other student(s), indulging in rowdy or undisciplined activities which causes or is likely to cause annoyance, hardship, psychological harm or to cause fear or apprehension thereof in new or junior student(s) or asking the student(s) to perform any act which such student(s) would not do in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a new or junior student. Rules/laws framed by the Government against ragging will be applicable (Annexure-II).

**POINTS TO BE NOTED:**
- NIFT does not recommend or endorse any coaching classes.
- NIFT reserves the right to add or discontinue any programme at any Campus.
- Any attempt to influence the admission process by way of recommendation will invite immediate disqualification of the candidate(s).
- Any dispute arising out of admission would be under the jurisdiction of Delhi courts.

**NOTE: ALL INFORMATION REGARDING THE ADMISSION PROCESS WILL BE AVAILABLE ONLY ON THE NIFT WEBSITE. CANDIDATES APPLYING TO NIFT SHALL BE DEEMED TO HAVE FULL NOTICE OF THE ELIGIBILITY AND THE PROCESS DISCLOSED ON THE NIFT WEBSITE. NIFT SHALL NOT BE RESPONSIBLE FOR ANY CANDIDATE’S IGNORANCE OF THE SAME.**

**EDUCATIONAL LOAN**
NIFT has tied up with the Union Bank of India (UBI) for Student Education Loans at a special rate of interest of 11.75%. The rate of interest is 11.25% for candidates belonging to SC/ST category. Girl students also enjoy a rate of interest of 11.25%. UBI has issued pre-approved sanction of loans to all aspirants who gain admission at NIFT. The pre-approved sanction letter is at Annexure V. The students can approach any Branch of UBI across the country with proof of clearing the NIFT entrance test to avail the facility.

**NIFT Means – cum – Merit Financial Assistance Scheme**
NIFT offers limited subsidies to meritorious students who are in need of financial assistance as per the provisions made in Means-cum-Merit Financial Assistance Scheme. Availability of Financial Assistance under this scheme cannot be assured.

Students who are interested in availing this facility should submit their application along with parental income certificate and contact the Student Development Activity Coordinator (SDAC) at their campus after admission.

NIFT also offers assistance through a Student Assistantship Programme on campus. This gives them part-time employment within the institute.

**Withdrawal of Admission after admission and refund of fee:**
(i) A candidate, who has taken admission once and then withdraws, will not be considered for admission at later stage.
(ii) In case the candidate is seeking refund before commencement of academic session, the request for withdrawal of admission in the prescribed proforma (Annexure-III) may be submitted to the Director of the Campus where the candidate attended the counselling. After commencement of the academic session, refund request may be submitted to the Director of the Campus allotted to the candidate. The candidates will be required to surrender the original Admission Receipt issued at the time of Counseling/Admission while applying for withdrawal of admission. Requests for withdrawal of admission would not be entertained without original admission receipt.
(iii) The refund against withdrawal of seat will be governed as under:
